JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

and botanist, occurred at Germantown, Pa., on November 19, at the age of seventy-five years.

Dr. John K. Small and Mr. George V. Nash spent the larger part of November in southern Florida, making collections for the New York Botanical Garden.

The newspapers announce the appointment of Professor F. Lamson-Scribner, agrostologist of the Department of Agriculture, as Chief of the Insular Bureau of Agriculture in the Philippines.

Mr. Howard J. Banker, who was a graduate student in botany at Columbia University in 1898-1900, is now teaching in the Southwestern State Normal School at California, Pa.

The Society for the Protection of Native Plants has recently issued Nos. 2 and 3 of its series of leaflets for public distribution. No. 2 is a general statement of the aims of the Society, by Professor George Lincoln Goodale, and No. 3 is "A Plea for the Preservation of Our Ferns," by Mr. George E. Davenport.

The fifth annual meeting of the Society for Plant Morphology and Physiology will be held at Columbia University on Tuesday and Wednesday, December 31 and January 1. The American Society of Naturalists with which this Society usually meets holds its sessions this year at Chicago. Reports of the Society's committees on the *Botanisches Centralblatt* and upon the Standard College Entrance Option in Botany will be among the special features of the Columbia meeting.
